

Population 2022 aged younger than 15 years Percentage of total population

The Centrope region shows the highest percentages of young people (population younger than 15 years) in the areas around the cities České Budějovice, Brno and Bratislava as well as in the Lower Austrian district Amstetten.

Areas with a significantly small population younger than 15 years can be identified along the Lower Austrian borders towards the Czech Republic, Burgenland and the Hungarian part of the Centrope region.

However, the surroundings of the Austrian federal states' capitals in Centrope do not show a higher percentage of young people.
