

Working age population 2020

Percentage of population aged 15 to 64

This map illustrates the population at working age (from 15 to 64 years). It shows higher values for working age population in the Slovak part of the Centrope region with a trend of rise towards the east. Also the Hungarian part of Centrope and Vienna show higher values whereas the areas in the north and south of Lower Austria (towards the borders of the Czech Republic in the north and Styria in the south) have a lower percentage of working age population.

Percentage of population aged 15–64, 2020

County	Total population 2020	Population aged 15-64 2020	Population aged 15-64 2020 (%)
Burgenland	294 436	190 282	65 %
