

Working age population 2009–2019

Change of population aged 15 to 64

The change of working age population (people aged from 15 to 64 years) from 2009 to 2019 shows the highest increases in the central area of Centrope (Vienna and surroundings, Bratislava and surroundings, northern Burgenland). In the southern border regions of the Czech Republic the working age population decreased.

With regard to the values per country, the working age the Austrian part of Centrope is the only one with rising numbers, putting Vienna clearly on top with +13%. The value for the whole Centrope region is balanced.
